# Ang Mo Kio: A Walking and Cycling Town

At the launch of “Clean and Green Singapore 2015” on 8th November, Prime Minister Lee Hsien Loong offered Ang Mo Kio as a “test bed” for innovative bicycle infrastructure to make cycling a choice for an everyday mode of transport.

This will be a significant milestone

李显龙总理在11月8日主持“新加坡2015年清洁与绿化运动”的开幕式时宣布，宏茂桥鎮将试行革新的脚踏车基础设施，以促进人们养成以脚踏车代步的日常习惯。

这是全国骑脚踏车计划的一个重要里程碑。到了2030年，计划的目标是完成700公里的脚踏车道。

为了营造更好的骑脚踏车环境，一些住宅区的脚踏车道将于引进革新的设计和特色，宏茂桥鎮将率先试行。

# New facilities in Hougang

The Community Improvement Projects Committee (CIPC) provides funding support for community improvement projects. These include better shelter, fitness equipment and more ways to play. Here's what has been completed recently in Hougang through the work of the CIPC, the Town Council's Estate Maintenance Committee and feedback from residents.

New covered linkway and drop-off porch at Block 946A Hougang Street 91.

New badminton court at Hougang Avenue 8.

Newly painted floor and walls at the futsal court at Hougang Avenue 8.

## 后港增添新设施

社区改进项目委员会为社区改进项目提供资助。这些项目包括更好的遮棚、健身设备和更多的游戏方式。这是后港区最近透过社区改进项目委员会和市镇理事会的努力，加上居民的反馈所完成的改进项目。

# All about our homes

The October Town Hall Meeting was hosted at Block 981 Buangkok Crescent, by Dr Intan Azura Mokhtar, Advisor to Jalan Kayu.

Before the meeting started, the Town Council made a presentation on what had recently been done in Jalan Kayu. Among the latest improvements were two new elderly fitness corners – one at Block 552 Serangoon North

Avenue 3, and the other at Block 552 Ang Mo Kio Avenue 10.

After the presentation, Dr Intan answered questions and took feedback from residents. After the dialogue, officers from the Town Council and other agencies worked together to address everyone's concerns about conservancy, obstruction and upgrading projects.

## 关注居住环境

今年10月份的市镇会居民讨论会在万国弯第981座举行。会议由惹兰加由区顾问殷丹博士主持。

会议开始前，市镇理事会先介绍惹兰加由区最近所完成的改进项目，包括两个新的乐龄健身处，一个在实龙岗北3道第

552座，一个在宏茂桥10道第552座。

介绍过后，殷丹博士回答了居民的一些问题，同时把居民的反馈记录下来。对话会过后，市镇理事会和其他机构的负责人携手合作，共同解决居民对居住环境和翻新项目的关注。

## Visiting Palmview

On 4 November, Mr Inderjit Singh, Advisor to Kebun Baru, made a visit to each flat at Block 226 Ang Mo Kio Avenue 1. Accompanied by members of the Palmview RC and staff from the Town Council and other agencies, each household they

greeted was given a goodie bag with the contact details of agencies like the Town Council and the NEA. The group also left behind educational messages about corridor obstruction, the disposal of bulky refuse and prevention of bicycle theft.

## 访问 Palmview 邻里

1月4日,哥本峇鲁区顾问殷吉星对宏茂桥1道第226座组屋的每户家庭进行访问。陪同他访问的有Palmview居民委员会负责人和市镇理事会与其他机构的代表。受访的每户家庭都获得礼包一个,内含市镇理事会和国家环境局等机构的联系资料。访问团也留下一些关于走廊受堵、笨重垃圾的处理和如何防止脚踏车被偷等教育信息。

On 19 November, Mr Lee Eng Chong & Mdm Sng Siew Hong did our town proud by winning the title of Best Market and Food Centre Happy Toilet for the toilet they look after, at the Mayflower Market and Food Centre at Ang Mo Kio Avenue 4.

And at the recent Clean and Green Singapore Awards, held at the HDB Hub Mall on 23 November, Mr Goh Tong Chor and Mr Ong Choon Hock (*below*) received awards for being the Best Cleaners (HDB Estates)!

# **The Best Toilet in town!**

## *By the community, for the community*

A recent joint walkabout led by Mr Ang Hin Kee, Advisor to Cheng San-Seletar, showed just how working together can make a difference.

Officers from the Town Council, Police and NEA worked with grassroots leaders and members from the PA, who were familiar with the ground, to identify areas that could be prone to

crime. From the results of their walk, the Town Council can install facilities for better safety – for example, additional lights in dark areas.

You know your neighbourhood best: If you have a suggestion to make it safer, speak with your grassroots leaders or the Police.

# Going to Town

Mr Seng Han Thong, Advisor to Yio Chu Kang, together with representatives from the Ang Mo Kio Merchants' Association and Town Council, walked the Town Centre at Ang Mo Kio Central on 1 December.

The Merchants' Association representatives raised issues with Mr Seng and Town Council staff. These suggestions included covered shelter at shop fronts, and more effective use of the banner structures and notice boards.

# Free bulky item removal for Lunar New Year

Please leave your bulky items at places with this sign.

The Town Council will then arrange for them to be removed. Please help us keep the town clean and safe by making good use of this service. Do not leave bulky items at corridors, stairwell or common areas as these may cause a fire.

If you spot any dumping of bulky items at non-designated areas, please contact us at 6453 0511. (Your call will be directed to the Essential Maintenance Service Unit [EMSU] hotline after office hours).

## 新春佳节免费搬移大型物件服务

# Cleaner, Greener, Together

"Cleaner, Greener, Together" is based on the concept that though our environment is generally clean, everyone still plays a part. Through sharing good habits and developing a sense of ownership together, our estate can be cleaner and greener for everyone.

High Rise littering is an ignorant act and can be fatal. Throw litter in the bins not out the window

Save electricity and bills by switching devices off when not in use

Save the earth by reducing, reusing and recycling

Develop good binning habits, throw litter into the bins

## DO THE 5-STEP MOZZIE WIPEOUT TODAY

There were two big, green reasons to celebrate at the tree planting ceremony, held on 1 November at the space next to Block 405 Ang Mo Kio Avenue 10. More greenery was going to be added through the planting of Happiness trees – and it was also the official opening of the Zone A Community Garden.

Speaking after officiating at the opening of the garden, PM Lee urged us to reduce, reuse and recycle. “We can incinerate our rubbish, but there’s still the ash. We send that to Pulau Semakau,” he said. “But the island is only so big. If there’s too much rubbish and all the ash goes to Semakau and fills it up, then Pulau Semakau will become Bukit Semakau!”

**11** 月1日我们在宏茂桥10道第405座旁空地举行植树节开幕仪式。当天有两个“绿”由，值得我们庆祝。一个是透过植树可增添绿意，一个是A分区社区花园的开幕。

在主持社区花园开幕仪式后，李总理促请我们养成“减少使用、再使用和再循环”的习惯。他说：“我们可以焚烧垃圾，但焚烧之后还有灰烬。我们可把灰烬送去实马高岛，但该岛的面积有限。如果垃圾太多，而所有灰烬都送到实马高岛，最终实马高岛将成为实马高山！”

Terdapat dua sebab besar kita berasa gembira di upacara menanam pokok, yang diadakan pada 1 November di ruang sebelah Blok 405 Ang Mo Kio Avenue 10. Lebih banyak kehijauan akan ditambah dengan penanaman pokok-pokok Kebahagiaan – dan upacara tersebut juga merupakan perasmian Kebun Masyarakat Zon A.

Berucap selepas merasmikan kebun tersebut, PM Lee menggesa kita untuk mengurangkan, menggunakan semula dan mengitar semula. “Kita boleh membakar sampah kita, tetapi abu masih perlu dibuang ke suatu tempat. Kita menghantarnya ke Pulau Semakau,” kata beliau. “Tetapi pulau itu bukannya besar sangat. Jika sampah terlalu banyak dan semua abu dihantar ke Semakau, abu itu akan menimbun dan akhirnya Pulau Semakau akan menjadi Bukit Semakau!”

*Garcinia subelliptica* is the scientific name of the Happiness Trees (above) that were planted that day. A relative of the tree that produces the mangosteens we eat, it's thought to be an auspicious plant!

# Cleaner &

“

*The first tree planting event held in Singapore was in 1963. Fifty years later, we've planted millions of trees all over Singapore. But we have to do more than just plant trees – we also want to make the whole of the environment sustainable, friendly to people, and also, for people to be friendly to the environment. That is why – think before you put something away as trash, and look at ways you can reduce waste.*

Prime Minister Lee Hsien Loong, at the Ang Mo Kio GRC and Sengkang West SMC Tree Planting Ceremony 2014

”

# Greener

# The mechanics of great greenery

*Through the use of new machines, the horticultural workers of the Town Council can do their job better, faster and more efficiently than before.*

With the Motorised Sit-On Hedge Trimmer (*above*), pruning long stretches of hedges along roads and walkways can be done much faster. The old method of having a worker walk along with a pair of shears simply cannot compare.

And another machine the workers

really appreciate is the Self-Propelled Aerial Lift (*below*). When it's not deployed, it folds up to a compact size that can easily be driven into small spaces. It can also be driven off-road, making it perfect for navigating the trees around our homes. Best of all, it's a one-man operation!

# Thank you, friends!

**A** cleaner's work isn't easy. They have to sweep the void decks and all the common areas around the estate – letter boxes, lift lobbies, playgrounds – you name it. They also clear bulky

refuse and unclog our drains, mop and clean inside the lifts, and empty the rubbish chutes several times a day.

To thank them for their hard work in Teck Ghee, the Town Council treated

them to an appreciation lunch of briyani at Block 333 Ang Mo Kio Avenue 1 on 4 November. As you can see, the Town Council, cleaners and residents are fast friends!

## Keeping a good eye on safety

**A** joint inspection walk between members of the Business Liaison Committee and staff of the Town Council, HDB, NEA and SCDF was held at the end of October.

On the walk at Block 407 Ang Mo Kio Avenue 10, the group was looking out for errant shop displays that were fire hazards and obstructed movement.

Offenders are first given verbal advice, to be followed by a written warning and finally, a summons if no improvement is made.

\* Closed on public holidays and the eve of major festivals, such as Hari Raya Puasa, Christmas, Deepavali and the New Year.

**Mr Jimmy Chua** is down at the new Teck Ghee Zone A community garden every day, tending his orchids, which get a lot of attention and praise – Jimmy has been growing orchids since 1984! “The secret to good orchids is just interest and patience,” he said.

**Mdm N. Vasugi** believes in being clean and green, the message of the day over November’s island-wide Clean and Green Singapore campaign. “I bring my recyclables like bottles and cans down to the recycling bin. And I think everyone has a part in keeping the place clean,” she said.

**Mdm Cat Watt** thinks it’s great that Singapore has tree plantings every year. “It’s a time when we get together and share this happy occasion – and then everything is cleaner and greener.”

**Mdm Zaiton** thought the planting of Happiness trees was a good thing. “When we gather and get to know each other, that is happiness.” She’s also keeping an eye on the chillis growing in the community garden – they were planted by her grandson.

Everyone thinks of **Mdm Low Poi Kiang** as the head gardener at the community garden. She certainly has a way with plants – the ladies’ fingers she’s growing are huge! And surprisingly, she was never a country girl. “I’ve always lived in town areas, and always planted things since I was a little girl. With good seeds, good soil, water and a lot of work taking care of the pests, you’ll get good results.”
