Habitat For Humanity (Singapore)
together with KPMG

"After picking litter, I appreciate the cleaners' hard work even more" – Sanika Kale (24 years old)

As part of the annual Keep Clean Singapore movement, Ang Mo Kio Town Council partnered with Habitat For Humanity and KPMG to organise a litter-picking event for 45 staff as part of their CSR day at Blk 641- Blk 649 Ang Mo Kio Ave 6.

Joyce, who is the Resource Development Executive at Habitat For Humanity Singapore noted that the participants did not realise how much trash the Town Council Cleaners have to deal with daily.

The participants cleared up about 38 kg of rubbish.
